In the several acts she proved an adept rider and performed remarkable feats. Lamoille County Court.

The case of C. H. Stearns vs. Silsby, on at the time of going to press last week, went to the jury at 9 o'clock Friday morning and they wrestled with it until 4 when they brought in a verdict of \$395 for Stearns. Exceptions were taken.

The case of R. C. Christy vs. C. M. Stinehour came on next and a jury was empanelled, but before going very far a settlement was made, giving the plaintiff \$999.94. Powers for Plaintiff; Hunt for Defendant.

The next case was that of C. V. Hapgood vs. Fred Sinclair of Cambridge, and was an action brought to recover a claim which was part purchase money for a farm which plaintiff sold to defendant. The price of the farm was \$1800 and \$1000 was to be paid down, but instead a claim against the Chauncey Warner estate for \$732.34 was given and enough money to make up \$1000. The claim was not paid by the Warner estate and has not been paid by Sinclair. The suit was to recover payment of the claim. Powers and Bullard for Plaintiff; McGettrick and Monahan for Defendant. This had not gone very far before a settlement was announced and therefore came to an end. Court then took a recess until Monday.

At two p. m. Monday the case of H. B. Fullington vs. Wm. Bellows of Fairfax was called. This was an action to recover pay for a Sharpless separator which Fullington claimed to have sold to Bellows. Defendant claimed it didn't come up to the guarantee and refused payment. The court ordered a verdict for Plaintiff. Guy Start for Fullington; F. W. McGettrick for Bellows. This completed the list of civil jury cases for this term.

Wednesday morning the case of State vs. Peterie, was called. The charge of "attempted murder" was overruled by the court, because of defects in the papers, and the case is simply one of "assault," on which the prisoner is now being tried. The jury is J. P. M. Powers; F. W. McGettrick for respondent.

The remainder of the jury were discharged this morning.

There are some divorce cases to be heard, which with other court business, may use up the greater part of this week.

A Lively Runaway.

Geo. Allen drove down to the village Monday morning with a two-horse lumber wagon loaded with sugar, etc. Stopping in front of Page's office, he put on the brake and went over to the court house. No sooner had he gone than the team, a pair of handsome heavy bays, started and in an instant they were on a dead run. They sheered towards the left and struck the granite hitching post in front of the bank with the pole of the wagon, knocking it over, and then a few feet further on the large electric light pole, breaking that squarely off at the base and again a few feet higher up. Here the horses parted company, one of them going with frightful rapidity down the depot hill with a whiff-tree dangling at his heels and jerching up alongside of a box car; the other being tangled up in the lines remained on the "scene of action." The wagon pole was broken and the lower part of the wagon box stove in. It was a fortunate runaway in that no one was run over and the horses escaped injury. It took about all day to repair the electric lines so that the lights could be used at night. As it was, one-half of the street lights were off Monday night.
